

Journey of the Universe

“We have a new story of the universe. Science has given us a new revelatory experience. It is now giving us a new intimacy with the earth.” Thomas Berry

SAINT PAUL UNIVERSITY presents

Journey of the Universe

Ottawa Film Premiere and Conference

This unique film weaves a tapestry of scientific discoveries in astronomy, geology, biology, ecology, and biodiversity with humanistic insights. It will inspire a closer relationship with the Earth in a period of environmental and social crisis.
